# THE COLLEGE CALENDAR FOR 1937-1938

### 1937 First Semester

- Sept. 15-20, Opening Program:
  - Sept. 15, Wednesday, 8:00 a.m.—Registration of new students; payment of bills by old or new students who have registered.
  - Sept. 16, Thursday, 8:10 a.m.—Opening chapel service; first meeting of classes; registration.
  - Sept. 18, Saturday, 8:00 p.m.—Y. W. C. A. and Y. M. C. A. receptions.
  - Sept. 20. Monday, 8:00 p.m.—Faculty reception.
- Oct. 29 Friday—Founders' and Homecoming Day.
- Nov. 3, Wednesday. 9:00 a.m.—Fall Meeting of the Directors.
- Nov. 25, Thursday-Thanksgiving Day.
- Dec. 16, Thursday, at Noon—Christmas holidays begin.

#### 1938

- Jan. 5, Wednesday, 8:10 a.m.—Chapel; class work resumed.
- Feb. 2, Wednesday-First Semester ends,

#### Second Semester

- Feb. 3, Thursday—Second semester begins Feb. 8, Tuesday—February Meetings begin.
- Mar. 18, Friday, 4:00 p.m., to Mar. 22, Tuesday, 8:10 a.m.—Spring vacation.
- May 5-6. Comprehensive examinations for Seniors.
- May 16-20, Registration for 1938-39.

May 27-31, Commencement Program:

May 27, Friday, 8:00 p.m.—Recital of Music and Dramatic Art.

May 28, Saturday, 8:00 p.m.—Senior Class play.

May 29, Sunday, 10:30 a.m.—Baccalureate Service.

May 30, Monday, Alumni Day:

9:25-11:15 a.m.—Alumni Seminars.

9:25-11:15 a.m.—Alumni Semmars

3:00-5:00 p.m.—President's reception.

7:00 p.m.—Annual Alumni Associa-

May 31, Tuesday, 8:30 a.m.—Spring Meeting of the Directors.

May 31, Tuesday, 10:00 a.m.—Commencement.

DR. RALPH WALDO LLOYD President of Maryville College

# COLLEGE PRESIDENT'S WELCOME

September is a time for two kinds of welcome to be extended by Maryville College: one to old students returning to meet friends and to walk familiar paths; one to new students, many of whom wonder what the place, the people, and the life will be.

I am happy to extend both of these welcomes on this page. May the college year of 1937-1938 become a year of growth for all who live and study near "Chilhowee's lofty mountains."

RALPH WALDO LLOYD,
President of Maryville College.

#### THE EDITORIAL PREFACE

We of the Editorial Staff take pleasure in doing our part to make you more familiar with the campus life of Maryville. The Y. M. C. A. and the Y. W. C. A. publish this book as a part of their activities on the "Hill." Our efforts to give you help are only a manifestation of the Maryville attitude toward freshmen. You will find that upper-classmen are anxious to help you as much as they can. This is but a small part of the spirit of the college which we have learned to love and which we hope you will learn to love.

The information on the following pages has been considered essential to a thorough understanding of the college. For that reason we suggest that you read it well. Knowing a few of these facts will relieve that somewhat lost feeling always felt in a new place.

As we try to help, we remind you that you must do your share of the work, and your share is the largest. The pride we have in calling Maryville our college you will soon understand as you call it your college too.

We wish you as much happiness and success as you desire in the coming year.

THE EDITORIAL STAFF.

### PART I

# GENERAL INTRODUCTION TO MARYVILLE

# GENERAL INTRODUCTION TO MARYVILLE COLLEGE

When one has really come to know Maryville by experience any words that might be used in describing it seem vain and inadequate. There is something about Maryville that captivates the affection of even the most self-complacent students. One cannot stay at Maryville long without feeling himself affected by that certain something that some have chosen to call the "Maryville Spirit." What it is we do not know. We merely know that it exists. So, as we present the general facts about Maryville, we do not claim to introduce you to the real Maryville. You must experience that for yourself.

Maryville College was founded in 1819 by Isaac Anderson to supply the need for an educated ministry for the Southwest. The school continued with a slow, steady growth until the Civil War, which closed the College for five years. In 1866 the institution was reopened with a very small enrollment which, however, grew very rapidly. The enrollment in 1900 was about 400, of whom only 80 were of college rank. Last year 829 students, all of them of college rank, were enrolled.

Through the years the function of the College has changed to suit the varying needs of the people it served. About ten years ago the preparatory department was discontinued and the College became what it is now, a liberal arts college providing a cultural background. Maryville is on the

approved list of the Association of American Universities and offers to the student who will work an education comparable to any to be obtained anywhere in the country.

The city of Maryville is situated sixteen miles south of Knoxville. Tennessee, in a section of the country rich in historical lore and tradition. It has an elevation of 1,000 feet, and, besides being one of the gateways to the Great Smoky Mountains National Park, is quite near the recently completed Norris Dam project of the Tennessee Valley Authority. The population of Maryville is 5,000, with another 5.000 living in Alcoa. a twin community named for the Aluminum Company of America, which operates its largest factory there.

The territory surrounding Maryville offers much in the way of beautiful scenery. From the campus can be seen the heights of the Great Smokies, the Chilhowees, and the Cumberlands, green in spring and often white with snow in winter. You will have opportunity to visit the mountains many times. Various campus organizations sponsor overnight hikes to these places of interest. Plan to take advantage of these opportunities.

As for the campus we would venture to say that there are few more beautiful in the country. A definite program of campus beautification has been in progress during the past three years. Hundreds of small trees and shrubs have been added to the campus; a new circular drive is soon to be completed; and numerous other improvements are being made. Included in the campus is an extensive College woods of

pine and fir. Here, very near the College botanical gardens, is a huge, natural amphitheatre in which the beautiful and impressive May Day pageant is given each year. Included also on the campus is a nine-hole golf course.

There are twenty buildings on the campus, the principal ones being described in the school catalogue. You will find no difficulty in becoming located, however, for within a few days after your arrival you will know them as well as the upper-classmen do.

As from the very beginning of the College Maryville alms to lay positive emphasis on religion and morals. Students are required to attend Sunday school and church. Attendance at daily chapel services is also required. The College is organically related to the Presbyterian Church, U. S. A., but it is not sectarian in purpose or program, and students attend the church of their own choice. The leading denominations have churches in Maryville. More will be added about the churches on a later page.

There are no social fraternities at Maryville and no dancing, as it is not felt that they are necessary or in harmony with the general aims and purposes of the school. However, there will be plenty of social activity, sponsored by the two "Y's", the Student Council, and various other organizations and clubs. There are four societies, two for men and two for women, each of which presents a short, entertaining program every Saturday night.

To give an indication of the activities on the "Hill" we will list some of the clubs. The vocational clubs, mainly for study and fellowship along particular lines, are: Student Volunteers, Ministerial Association. Pre-Medical Club, Law Club, Chemistry-Physics Club, and the Language Clubs. Besides these clubs there are the various state clubs composed of students from the same section of the country, a Shakespeare Club, and honor societies for athletics, debate, dramatics, and scholarship. More detailed descriptions of some of these clubs will be given later. There are also other clubs not mentioned which will welcome you to their membership as you qualify and feel inclined to join. Club membership is not essential but it always proves helpful and worthwhile. However, don't just be a "joiner." When you join a club support your club.

One of the advantages that everyone who comes to Maryville enjoys is the wide contact that is possible within the limits of the campus. Students come from thirty-six states as widely separated as Massachusetts, Florida, and California. Last year two foreign countries were represented, chiefly by members of missionaries' families. The enlarged vision, the more sympathetic understanding, and the new interests gained by these contacts are among the many values found at Maryville.

A general introduction to Maryville College would not be complete without a word about sports records and the athletic department. Maryville, last year, won the state wrestling championship for the fifth consecutive year. The "Scotties" also copped the Smoky Mountain Conference titles in basketball, and track. When you come to

Maryville be a loyal supporter of the Orange and Garnet. The teams will appreciate your encouragement. Football starts the athletic program off at the opening of school in September, and athletic activity continues throughout the year.

When you arrive in Knoxville, either in the bus or in the train station, look for someone with a Maryville tag. They will be glad to direct you over to Maryville. Then when you arrive on the campus, go to one of the information desks or tables staffed by members of the Y. W. and Y. M. C. A. Make yourself known to them and they will direct you to your dormitory. There, other students will help you with your baggage and assist you in finding your room. There will probably be some confusion, but it won't take you long to get your bearings.

New students are continually surprised and impressed in finding such a friendly spirit in evidence at Maryville. As a general thing new students expect to be the under-dogs, but this is not the case at Maryville. There is no hazing or mistreating of the new students. You will find the upper-classmen ready and willing to help you in every possible way. Ask them questions, borrow from them until your trunk arrives—they won't mind. It's the Maryville spirit. The new girls will be especially taken care of by their "big sisters", arranged for by the Y. W. C. A. As for new fellows you won't be assigned a "big brother," but you will be "big-brothered".

Now that we have given you this general introduction we urge you to come to Mary-ville prepared to make friends and to spend the happiest four years that you have ever experienced.

## PART II

Y. M. C. A. and Y. W. C. A.

#### Y. M. C. A. PRESIDENT'S WELCOME

#### DEAR FRIEND:

Greetings to you from the Y. M. C. A.! We are looking forward to your arrival in Maryville. Of course College life is quite different from what you are used to, and you will have many problems during the first days and weeks. We hope you will let us help you with them, whether they be big or little. Each officer and member of the "Y" cabinet is ready to be of service.

College, like many other things in life, will be of greater worth to you if you come with the thought of constantly seeking the best in life, and at the same time of giving your best. And the Y. M. C. A. can help you in all this. We firmly believe in the teachings of Christ as the ideal guide both in our "Y" work and in our personal living. The "Y" programme stresses the four-fold life, and gives special emphasis to the needs that are not filled by other organizations on the campus. We hope you will take part in the activities sponsored by the "Y"-the interclass athletics, the worship services, the hikes, banquets, and other events. First of all is the pow-wow on the Saturday night after school opens.

Please accept this as a personal invitation to the "Y" headquarters in Bartlett Hall. And in the meantime, if you have any questions you would like to ask, write me in care of Maryville College,

Sincerely yours, MARVIN MINEAR. Y. M. C. A. President.

"Let your light so shine . . ."

#### Y. W. C. A. PRESIDENT'S WELCOME

#### WELCOME, NEW GIRLS!

We could go on ad infinitum telling you what Maryville has come to mean to us—the beauty of the campus, fine friendships, contacts with splendid persons older and wiser than we, the fun of it all—but why should we, when you're soon to give it your first-hand interpretation? We are glad you are to become a part of that which goes by the delightful all-inclusive title of "college life," and especially here at Maryville!

At first you may be a little bewildered by the strangeness of a new place, new people; but we hope you will let us of Y. W. help you—whether to lay the legend of the college seal, to show the way through the mazes of registration, or to find with you a quiet moment in one of our worship services.

We believe that you are needed, that there is a place for each of you here on the Hill. Our "Y" emblem itself symbolizes our strivings for the best there is to give to that place in campus life—growth physically, mentally, socially, with spiritual growth in and through all these phases. With such a purpose we can all work together to realize our best, and so we welcome you to our Y. W. fellowship and comradeship—and to Marvyille!

Sincerely yours,

CLARA DALE ECHOLS.
Y. W. C. A. President.

#### Y. M. C. A. ACTIVITY

The Y. M. C. A. endeavors to lead on the campus in every phase of college life. The cabinet is chosen with the end in view of having campus leaders working for the "Y." You will find that the Y. M. C. A. as a whole consists of hard-working, progressive young men with whom you will want to work or have good times.

The "Y" sponsors interclass athletics in football, basketball, baseball, track, and swimming. Tournaments are also conducted in handball, boxing, wrestling, ping-pong, tennis and badminton.

The semi-annual mountain hikes and banquets are naturally among the most popular features of the "Y" program.

In Bartlett Hall—the "Y" headquarters—will be found the reading and game rooms. Here there is a good radio, current magazines, and newspapers. Games including pool, ping-pong, checkers, chess, and dominoes are here for your entertainment.

The Sunday afternoon meetings in Bartlett Hall are the times when we try to reach decisions on the vital issues of life. These meetings are brief, interesting, instructive, and inspiring. They are featured by special music, prominent guest speakers, and student discussions. They are the hub of the "Y" program.

Every year the Y. M. cabinet, along with the Y. W. Cabinet, spends a week-end "Retreat" in the mountains in order to plan the work of the following year. The motto this year is "Let your light so shine—". Join the "Y" and help us in our work.

#### Y. W. C. A. ACTIVITY

Maryville's Y. W. C. A, has always endeavored to help girls to find satisfaction and peace in Christian living. Keeping this main aim ever in view, Y. W. has organized such movements as the Nu Gamma Sigma groups, Big Sister movements, Peace Forum, and participation in the East Tennessee Interracial Commission.

The Sunday afternoon worship services are planned to give inspiration and help. Problems of vital interest to all college girls are presented—personal, social, and international problems. Both old and new girls have opportunity to assist in some part of these services, and are greatly benefitted by the actual participation.

Besides the joint activities with the Y. M. C. A., the program of Y. W. includes such activities as semi-annual tennis tournaments, production of the May-Day pageant, social service work in the mission chapels and in the orphanage, and various social activities for its members. The Y. W. rooms are especially well adapted and equipped for group events or individual relaxation and enjoyment. All members are invited to use the "Y" rooms.

You will find that the members of the "Y" cabinet, the Nu Gamma leaders and the Big Sisters are sincere, friendly, and willing to help in every way possible. Give Y. W. a chance to be your friend and guide, and join the old members as they follow this year's motto, "Let your light so shine—"

#### JOINT ACTIVITIES

#### Joint Devotional Meetings

Usually the devotional meetings of the Y. M. C. A. and Y. W. C. A. on Sunday afternoons are held separately, but at various times joint meetings are held, in the conduct of which both organizations co-operate.

#### Peace Forum

This organization is sponsored by both the "Y's" in the effort to make students conscious of world affairs. Through well-informed speakers and informal discussion groups, an attempt is made to educate for peace.

#### Blue Ridge Conference

Each spring, following commencement, a conference of Southern college Y. M. C. A.'s and Y. W. C. A.'s is held at Blue Ridge. North Carolina. The two organizations on College Hill regularly send delegates to these conferences,

#### The Artist Series

The Artist Series, sponsored jointly by the Y, M. C. A. and Y, W. C. A. consists of three numbers each year including musical, literary, or other cultural entertainment. You will want to attend these programs, for you pay for them in with your student activities fund, and they are of great interest here at Maryville.

#### Barnwarming

Each year at Thanksgiving the "Y's" put on a barnwarming in the alumni gymnasium. It's a gala affair and so much fun you won't think of missing it.

#### NU GAMMA CHAIRMAN'S WELCOME

#### DEAR NEW GIRLS:

May I present to you the old girls who are easerly looking forward to having you with us next year? Emily Post or no, we must tell you we're glad to meet you. Just how sincerely we mean that you probably won't realize until you join us in saying it to new girls the following year, but we're going to do our best to show you.

Before you leave for school, you should receive a letter from your Nu Gamma leader. Through the small, informal gatherings she leads the first few weeks, you learn the fine points of Maryville custom, talk over your current problems, and become better acquainted with at least nine other new girls. Nu Gamma, a branch of Y. W.. was organized primarily for your benefit, but our share enters in. too. It gives us an opportunity to know you sooner and to learn what to expect from you. Perhaps, it's just a little selfishly that we invite you to be Nu Gamma girls

Wherever you are. New Girl, we say, "Welcome to Maryville."

Sincerely yours,

HELEN BOBO, Nu Gamma Chairman.

## PART III

# GENERAL STUDENT ACTIVITY

### General Student Activity

On the Maryville College campus there are enough organized activities to capture the interest and utilize the ability of every student. To some of these organizations you may belong by merely expressing the desire. Some, however, are run on a selective membership basis, and in still others, such as the honorary fraternities, membership is a distinction that comparatively few attain.

#### Student Council

The Student Council is composed of eight seniors, six juniors, four sophomores, and four freshmen. This body is not student government, but it represents student opin-lon and works with the faculty in promoting desirable movements. The members are elected by their classes as representing student sentiment. From the Council two committees are chosen, the Student-Faculty Committee and the Highland Echo Committee.

#### NATIONAL HONORARY FRATERNITIES

#### Pi Kappa Delta

Maryville has the distinction of having the Tennessee Alpha Chapter of the national honorary fraternity Pi Kappa Delta. In the spring of 1937, representatives went to the Provincial Convention at Johnson City. Tenn. In the competition there they achieved high distinction.

#### Theta Alpha Phi

Talented dramatic students may, upon meeting certain requirements for membership, be initiated into the Tennessee Delta Chapter of the national honorary dramatic fraternity Theta Alpha Phi, located at Marvville.

#### Sigma Alpha Psi

The Maryville chapter of Sigma Alpha Psi was established in 1930. Membership is open to all men of the college "who maintain satisfactory scholarship and command the respect of their associates as athletes and gentlemen." Membership is earned by meeting the requirements of the various athletic tests in the presence of a responsible committee. The object of the society is the encouragement of the moral, physical, and mental development and training among college students.

#### Local Honorary Fraternity

Alpha Gamma Sigma was organized in the spring of 1934, for the purpose of motivating high scholarship among students. Its requirements are equal to those of Phi Beta Kappa. Ten per cent of the graduating class may be admitted provided the members have a grade point ratio of 6.5, or somewhat more than a "B" average.

#### LITERARY SOCIETIES

There are on the Hill two sets of literary societies. Each set consists of a society for boys and one for girls that are known as brother and sister societies. Theta Epsilon

and Bainonian are the sister societies, respectively, of Alpha Sigma and Athenian.

All four societies hold regular meetings every Saturday night. Each has its respective hall. The meetings held here consist of short business meetings followed by programs of varied sorts in which members of the society are expected to take part when called upon, in advance, by the program secretaries. Once a semester each set of societies holds a joint meeting in which boys and girls co-operate on matters of program, decorations, and refreshments.

At the beginning of the year the women's societies sponsor rush weeks to introduce new girls to the members of each society. At the end of the two weeks taken by the rush program new girls are given the opportunity to join either of the societies. Both groups are glad to receive new members, and there is a friendly rivalry as to which one can attract the larger number.

Men make their choices as to society membership by visiting regular meetings of each.

There is another form of rivalry among the societies besides that of membership. Each society presents a play during the winter known as its mid-winter. A committee of judges gives a decision as to the relative merits of the plays, and the society presenting the best play is awarded a silver cup. The society receiving the cup three years in succession is the permanent owner of it. Last year Theta Epsilon received the cup.

We sincerely hope that each new student will find a place truly his in one of the organizations. Choose the one in which you feel you will be happiest after you have carefully considered each. Each society sends a hearty greeting to every new student.

#### MUSICAL ORGANIZATIONS

The five musical organizations on the campus provide an opportunity to develop musical talent. Three of the organizations are choral and two instrumental.

The three choral organizations are the Vesper Choir, the Maryville Glee Singers, and the Women's Glee Club. The Vesper Choir is composed of nearly fifty mixed voices chosen through try-outs by the choir director. In robes and surplices it serves at the Sunday evening services, and on week days without the robes leads the daily chapel singing.

The Maryville Glee Singers is a male chorus of twenty-five voices. This chorus gives at least one concert every year. The Women's Glee Club is a similar organization for women, and has for the past three years presented a light opera in cooperation with the men's group.

The two instrumental organizations are the band and orchestra. The orchestra has a concert every year and plays at many other functions. The band is most active during the football season, and lends color and entertainment to the games.

#### RELIGIOUS ORGANIZATIONS

Besides Y. M. C. A. and Y. W. C. A. there are three other outstanding religious activities. The Ministerial Association and Student Volunteer Band are organizations for those interested in the ministry and missions respectively. The ministerial group holds weekly meetings, but its most important activity is that embodied in four standing committees which conduct regular preaching and pastoral work in the county prison, the county almshouse, the McGhee

Street Chapel, and the country churches in the vicinity of Maryville.

The Student Volunteer group is composed not only of those who have pledged themselves to the foreign field, but of those who are interested in this form of Christian work. Regular meetings of the group are held Sunday evenings after vespers. Some phase of missionary work is considered, and frequently missionaries on furlough provide valuable and inspiring first hand material.

Another religious activity is the annual series of February meetings. The first series was held in 1877, and they have been held every year since. The object of the February meetings is a deepening of the spiritual life on the campus and a strengthening of the spiritual attitude conducive to greater seriousness of thought and action. The speaker for the meetings is a prominent religious leader of the day, chosen long beforehand with the purpose of the meetings as the objective in selection.

The annual Fred Hope drives conducted by the college are participated in by all students. Fred Hope, a former Maryville student, is the superintendent of a mission school in Africa. The funds collected by this drive are used in his work.

There are in Maryville, churches representing the leading denominations. They welcome the students of the College into their fellowship and strive to serve their various needs. Attend the church of your choice, and enter into the activities offered.

#### OTHER CLUBS

#### Writers' Workshop

Students who show interest and ability in literary work may be elected to the Writers' Workshop. The members are elected from the faculty and the junior and senior classes. Each member writes and reads aloud for criticism one paper a semester.

#### "M" Club

The "M" Club membership is restricted to those girls who have earned the college letter by participation in athletic activity and the keeping of health rules.

#### Pi Upsilon

The Hi-Trail Club is a hiking club limited to twelve men. Its activities include hikes to nearby mountains several times each semester.

#### Home Economics Club

Home Ec majors have formed a club as the medium for the performance of practical projects in their various fields of interest.

#### Chemistry-Physics Club

In this club students interested in the two sciences composing its name meet to perform experiments in these fields.

#### Nature Club

The Nature Club is for those interested in botany, zoology, and related sciences.

Illustrated lectures and hikes are features of its activities.

#### Disc Club

For the benefit of music lovers who meet every other week to hear recordings of symphonic and operatic music. At each meeting a qualified commentator introduces the compositions played.

#### Pre-Medical Club

This club is composed of those whose major interest lies in the practice of the medical profession, and aims to create a better understanding of the problems and interests of this field today.

#### Law Club

Students who are studying with a view to entering the profession of law maintain this organization. Their purpose is to familiarize themselves with the features of their contemplated life-work, and to develop high moral standards and ideals in connection with their profession.

#### Confab Club

This club was organized for the purpose of promoting improvement in speech among its members, having as its program the presentation of speeches and the carrying on of criticized conversation. Freshmen and sophomores are eligible for membership.

#### B. G.

A club for hiking and other activities with its membership limited to nine girls. They are chosen from the outstanding girls

of each class. Various athletic and social activities are part of the program.

#### Language Clubs

For students interested in modern languages, there is opportunity to gain confidence in the use of the tongue, to increase your knowledge of foreign customs, and to have a lot of fun in the French, German, and Spanish clubs.

#### State Clubs

Wherever you come from there is almost sure to be someone else from there too. with whom you can form an organization named after your part of the country. There is a club for nearly every state represented by the student body. The purpose of the clubs is purely social.

#### Publications

There are two student publications, the weekly "Highland Echo" and the annual "Chilhowean." The "Highland Echo" is a newspaper, reporting campus news. Twelve freshman apprentices are chosen by examination of samples of their writing called for by their English teachers.

#### BELL SCHEDULE

- 6:00 A.M. Rising Bell.
- 6:45 A.M. First Breakfast Bell.
- 6:56 A.M. Second Breakfast Bell.
  - 7:50 A.M. First Chapel Bell.
- 8:03 A.M. Second Chapel Bell.
- 8:30 A.M. First Hour Class.
- 9:25 A.M. Second Hour Class.
- 10:20 A.M. Third Hour Class.
- 11:15 A.M. Fourth Hour Class.
- 12:10 P.M. Fourth Class Dismissal.
- 12:17 P.M. Dinner.
  - 1:10 P.M. Fifth Hour Class.
  - 2:05 P.M. Sixth Hour Class.
  - 3:00 P.M. Class Dismissal.
  - 5:55 P.M. Supper.
  - 6:50 P.M. First Study Bell.
  - 7:00 P.M. Second Study Bell.

#### Extra Sunday bells are scheduled as follows:

- 1:00 P.M. For Y. M. C. A. and Y. W. C. A. Meetings.
- 6:45 P.M. First Vesper Bell.
- 6:55 P.M. Second Vesper Bell.
- 7:00 P.M. Third Vesper Bell.

### PART IV

**ATHLETICS** 

36

### MARYVILLE ATHLETIC POLICY

Maryville stands for the well-rounded, well developed college life. For many years the College has realized that one must not only be developed mentally and morally but also physically. As a result of this realization Maryville College holds a high rating among the schools of the southeastern states in regards to athletics. Her teams rank high in comparison with colleges of similar size throughout the country. Besides having inter-collegiate athletics the Y. M. C. A. conducts a well-developed, highly organized system of intra-mural athletics for men, and under the leadership of Mrs. Verton M. Queener, coach of women's athletics the women have, what is known as, the point system. Both of these programs will be

more fully described later.

Maryville is the largest institution in the Smoky Mountain Conference which is com-posed of ten colleges and universities in East Tennessee and West North Carolina. Although it is not one of the best known or largest conferences in the country, few conferences have such a high reputation for honest and clean sports activity that the Smoky Mountain Conference has. Hardly a year passes by that does not find Maryville at the top of the conference heap in one sport or another. Only twice in sixteen years has Maryville failed to win the conference championship in baseball. During the past year Maryville was runner-up in the conference in track, and basketball. For the sixth consecutive year Coach Bob Thrower led his "Scottie" wrestlers to the Tennessee state wrestling crown. In past years con-ference titles have been won in football and tennis. Besides the numerous titles that are won from year to year there has come to Maryville the reputation for clean and fair playing.

Maryville does not buy her athletes. It is not deemed wise to commercialize or overemphasize the athletic feature of the College in such a way for then the Maryville athletic reputation of clean and fair playing would be lost. Those who come to Maryville enter whole-heartedly into the athletic program of the College in an effort to win prestige both for the college and themselves. Places on Maryville teams are won by having physical, and average scholastic ability. And to have athletic ability is not enough for a Maryville College student to be popular. He must be well-rounded in all phases of his college life in order to be well liked by his fellow students.

The men's athletic program is under the direction of Head Coach Lombe S. Honaker, assisted by Coaches Bob Thrower and George F. Fischbach. Their reputation is known throughout the Smoky Mountain Conference and the Southern states because of the calibre and fighting spirit of the fine teams that they produce, Each of these three coaches is willing and waiting to try to develop your athletic ability in his particular sport.

For several years Maryville teams have been on the schedules of much larger colleges and universities. Although she seldom succeeds in defeating these opponests she gains experience that is invaluable throughout the remainder of that season and in the following years. And what is more than that—the spectators at these games. or matches, or meets, are always impressed by the "Scottie" fighting spirit and the clean and fair playing of Maryville participants.

If you have any ability at all, as you come to Maryville decide to try out for at least one of the varsity sports. Perhaps you have never fully realized your athletic abilities. Athletes are being developed—and even some are made—at Maryville each year. And if you can't, for some reason or the other, try out for the varsity or intra-mural sports, give your local support to those who do try out for them. After all, the Maryville spirit is what you and the other students make it. Whether it be on the field or in the stands show your sportsmanship by being a loyal "Scottle".

### VARSITY SPORTS

### Football

On some Friday night very soon after the opening of the academic year, the flood lights of Wilson Field will be turned on, the "boys" will be out there on the field passing and kicking the ball around, the campus will be crowded with excited students and town people, the band will strike up one of the old per tunes, inaugurating the beginning of another football season at Maryville college. But this season will somehow be different because you will be there. From the opening kick-off of the first game until the final whistle of the last game of the season on Thanksgiving Day, there will be plenty of action and excitement on Wilson Field.

Coaches Honaker and Thrower begin football practice about two weeks before college starts and with the coming of new men the squad gradually rounds into shape for the opening game with the University of Chattanooga at Chattanooga. About fifty men enter into competition each year for varsity positions. The eleven positions are all open. If you have the ambition and the ability, one of them may be yours before the season is over. Report as soon after you come to school as possible. Put everything you have into making the varsity, but don't get discouraged if you fail to make it. The coaches will still have a personal interest in you even though you remain a "scrub" for they will want to develop you for the other three years of your stay here.

Make up your mind to get out there and show the coaches and the rest of the squad what you have. Play squarely and honestly with them and you will find that they will do the same with you.

### Basketball

Basketball is one of the sports which really holds the interest of the sports enthusiasts throughout the winter months. Last season, for the first time in several years, Maryville lost the Conference crown to Carson-Newman, "the rival," in two hard fought games. Maryville dropped them both, one by one point, the other by three.

This sport comes under the direction of Coach Lombe S. Honaker, who "knows his basketball." During the closing days of football season the call is issued, and until the end of the football season the captain of the team conducts the workouts. After Coach Honaker comes out, the squad is gradually cut down to about twenty men and then the real preparation for the production of a smooth, well-balanced quintet is begun in earnest. A long schedule with various independent and college teams is then begun which continues on into March before the season is finally ended.

Although five of the seven lettermen will probably return from last year's squad there will still be plenty of places left open for you if you have the ability. There will be plenty of room for improvement. Let us see you out to make that basketball varsity.

### Basebali

Again, in the 1937 season, the Maryville baseball team won the Conference championship. Only twice in the past sixteen years has the Highlander team failed to win this title. This is a record that Maryville students may well be proud of, but there is still an indication that the team can be improved over the past year's team.

Here is a sport that Maryville is known to produce good teams in, not only throughout the South but also in such northern states as Ohio, Illinois, and Indiana. Baseball also comes under the able tutelage of Coach Honaker who is considered to be one of the best baseball coaches in this section of the country. Some of the exceptionally good players who have come under his influence have gone up to the big leagues to make good. Scouts are always on the watch to see what "Honaker has at Maryville." If you have any leaning towards baseball Coach Honaker wants you for he must needs have good material for his championship teams of the future.

### Track and Field

Maryville is widely known as the homing place for strong track teams. Although the past season was greatly hampered and handicapped by the loss of the ace runner of the team early in the season, the "Scottles" were the runners-up in the conference meet and placed third in the state meet against such competition as the University of Tennessee, Sewanee, etc.

One of the key reasons for the Highlanders exceptional track teams is the coaching of Bob Thrower. Coach Bob's record for the shot put, established when he was a student in college, has not been broken and it is the oldest of the existing college records held by

one person.

Track practice begins about the middle of March and it continues until about the first or second week in May. Among the six or more meets, is the state track and field meet and the Smoky Mountain Conference meet.

You may show your ability in any one or more of the track and field events. Take a look at those college records, which are listed on a later page, and then drive at some of them! Perhaps you feel that you can already beat some of them. If so report for the track team for Coach Bob will be able to use you.

### MINOR VARSITY SPORTS

### Wrestling

As has already been stated, Maryville won the state title in wrestling for the sixth consecutive year last season. The only defeat of the year came from a strong North Carolina team, that of Davidson. Under the guidance of Coach Thrower the college grapplers have built up an enviable record. Each year Coach Thrower takes untrained, inexperienced men and develops them into first class wrestlers. You are bound to fit into one of the eight weight class divisions. Come out to help Maryville win another state championship.

### Swimming

Maryville is rapidly developing, under the leadership of Coach George F. Fischbach, one of the strongest swimming teams in the South. Every year meets are held with such teams as Auburn. Emory University, University of Kentucky and University of Tennessee. Other meets are scheduled with conference and non-conference teams. Although the past season wasn't as perfect as it could be the team usually gets better year by year and there are the college records to aim at. During the past season seven college records were broken by the swimmers. That shows what you can do if you are a swimmer!

### Tennis

Here is another sport that is developing under the fine coaching of George Fischbach. Throughout the spring several matches are held each week, unless they are rained out. Trips are taken up into Kentucky and all through Tennessee. During the past season several four-day trips were taken and many trips of a smaller duration of time. Almost

all of the lettermen are returning next season but this shouldn't discourage anyone for last season two of the first three ranking men were freshmen and several more freshmen were on the squad. The college has only nine courts and these are usually filled in the early fall and spring months, so if you want to do anything with tennis you better get out there quick,

### Cross-Country

Because this sport comes in the fall during football season, it is not under the official guidance of any one of the coaches but one of the runners is usually captain and coach. Interest in cross-country is gradually increasing because of the inter-collegiate competition and the college cross-country championship. Last year's season was featured by victories over University of Tennessee and Lincoln Memorial University. The cross-country college championship is held each year between the halves of one of the football games. The run is five miles long and the Y. M. C. A. presents the winner each year with a cup.

### Interclass Sports

A great improvement was made last year in the intra-mural sports program. This program is sponsored by the Y. M. C. A. and includes everything from checkers to football. Some of the other sports included are: tennis, billiards, ping-pong, basketball, swimming, track, baseball, etc. Several of these are conducted not as interclass sports but as tournaments.

This type of athletic competition is rapidly asuming a more important place in the athletic program of the college. Here lies the chance for you who feel that you do not have the time or the ability to go out for the varsity. There is no fear of varsity

competition for all members of the squads

are ruled out of the sports.

Support your class by entering into interclass competition! And it won't be your class that will derive the most benefit from this participation for it will help to develop you physically, if you go at it in the right way, and you will have a better fellowship with the other members of your class.

### LETTERS AND MONOGRAMS

### Designs

Football: Garnet sweater bearing garnet letter "M" 8 inches by 8 inches.

Basketball: Garnet sweater bearing garnet letter "M" 6 inches by 6 inches.
Baseball: Garnet sweater bea,ing garnet letter "M" 7 inches by 7 inches.
Track: Garnet sweater bearing garnet let-

ter "M" with wings, 5-inch block.
Wrestling: Letter "M", 5 inches by 5

inches.

Tennis: Letter "M", 5 inches by 5 inches. Swimming: Letter "M", 5 inches by 5

inches.

The letter for women's athletics is more decorative in form and the monogram consists of the letters "M" and "C" superimposed upon each other.

### THE WEARING OF MARYVILLE LETTERS

Maryville letters and sweaters are to be worn only by those who have won them in one of the sports. Those winning letters will be so designated by the coaches. Any violation of this rule is frowned upon by the students and faculty alike. Any loyal "Scottie" would never wear a letter unless he or she had won it.

Any letter or monogram from any other school, whether it be high school or college,

may not be worn while you are at Mary-ville. This rule has been violated several times. Maryville has no way of enforcing such a rule except by the will of the students. We hope your school spirit and loyalty will not allow you to break such a rule. So leave all other letters and monograms at home and come to Maryville with the idea of having a garnet "M" on your sweater in the near future.

### WOMEN'S ATHLETICS

### Point System of Athletic Awards

Since the intercollegiate contests have been dispensed with, the point system has been adopted. Women are given an opportunity to participate in every sport, and a chance to win the monogram, the small letter, or the large letter and sweater. By qualifying for basketball, soccer, indoor baseball, and speed ball teams a girl may win 30 points for each team. Additional points are awarded for sportsmanship, membership on a squad, captain or manager of a team, and perfect attendance. In swimming, track, tennis, hiking, and aerial dart tournaments, 50 points each may be won. High scholarship adds a certain per cent to the total of points won. The observance of health rules may total 25 points for each semester. In these activities sportsmanship is stressed as well as skill.

Honors are awarded as follows: 300 points, Maryville Monogram (MC); 400 points, Maryville "M"; 500 points, Maryville "M" with sweater.

### PART V

SONGS, COLORS, YELLS

### COLLEGE SONGS

### The Alma Mater

### T.

Where Chilhowee's lofty mountains Pierce the southern blue, Proudly stands our Alma Mater, Noble, grand, and true.

### TT.

As thy hilltop crowned with cedars, Ever green appears; So thy memory fresh shall linger Through life's smiles and tears.

### III.

Lift the chorus wake the echoes, Make the welkin ring! Hail the queen of all the highland! Loud her praises sing.

### Chorus after each stanza:

Orange, garnet, float forever, Ensign of our hill! Hail to thee, our Alma Mater! Hail to Maryville.

Note.—An erect standing position and an uncovered head are prerequisite to a respectful attitude toward the Alma Mater at a time when it is being played or sung.

### Dear Old Maryville

### T.

Near Chilhowee's mountain blue, Stands our Alma Mater true. Dear old Maryville, to thee we lift our

song.

'Neath thy cedar grove so fair, We shall breathe the mountain air, While with merry hearts the chorus we

prolong.

### 11.

As the morning sunbeam's light Greets thee

o'er Chilhowee's height.
So our tribune, We as freely to thee bring.
Youth's true homage full and free, We thus gladly render thee,

Dear old Maryville, thy praise we freely sing.

### TIT.

To thee, guardian of our youth, Faithful guide to light and truth. We, thy children, bring our songs of

grateful praise.

And when we shall leave thy hill, We shall ne'er forget thee still,
Dear old Maryville, the scene of happy days.

### Chorus after each stanza:

Sing we a song of our dear college home, Fondly we love thee still, And wherever we may be. Fond mem'ry

turns to thee. Our Alma Mater, dear old Maryville. 50

### The Old Pep Song

We've got the rep, rep, rep, of old Maryville! We've got the pep, pep, pep, of old College Hill!

We've got the strength to knock 'em stiff And never know the diff.

For we're from Maryville of Tennessee.

### The New Pep Song

Here we go! Here we go! Down the field to crush the foe.

As the Scotties go marching along.

Men of might! Men of fight!

Orange, garnet, waving bright
While we make the Hill merry with song

While we make the Hill merry with sor Then it's hi, hi, hi,

We'll win this game or die.

Highlanders! Fight to the end. Rah! Rah!

And we won't be done

Until the victory's won

For the pride of our hearts-Maryville!

### Bainonian Song

Our strong band can ne'er be broken, Sing her praises high;

Far surpasses wealth unspoken Sealed by friendship's tie.

Bainonian! Bainonian! Deep graven on each heart;

We'll remain unwavering true
When we from college part.

### Theta Song

Always to our Theta we will sing a song of praise, In our hearts we'll learn to love her through

our college days;
Theta! Theta! Loyal to you we'll ever be;
Theta! Theta! Happy sisters we—

Theta! Theta! Happy sisters we—Your memory lingers through the years Through all life's smiles and tears;

Theta! Theta! True we'll ever be.

### COLLEGE YELLS

### The Howee-How

Howee-how! Chilhowee!
Maryville, Maryville, Tennessee!
Hoo-rah! Hoo-rah!
Maryville, Maryville,
Rah, rah, rah!

Howee-how! Chilhowee! Maryville, Maryville, Tennessee! Hoo-rah! Hoo-rah! Maryville, Maryville, Rah, rah, rah!

### The Old Fight Yell

### NOTES

# Maryville College

### MARYVILLE, TENNESSEE

One Hundred and Nineteenth Year Begins September 15, 1937

Maryville College is one of the important church-related institutions of America, and seeks to be true to the noblest traditions of the association of education and religion. Its Directors are elected by the Synod of Tennessee of the Presbyterian Church in the U. S. A.

It is a Christian liberal-arts college with the purpose of providing a general cultural education. It is not a professional or pre-professional school, although its courses form sound foundational preparation for professional study.

Its fees are deliberately kept at a low figure for the benefit of those who might not be able to attend otherwise. This makes earnest cooperation on the part of all an essential factor.

It desires to select its students on the basis of preparation, earnestness, capacity, character, and co-operativeness.
